Frequently Asked Questions:

Who is this guy?

He's an instructor who has taught with PMI® for over a decade at the National Symposia and Congresses and who is actually pretty entertaining. He's also a skilled facilitator and mentor who makes information stick.

What will the course cover?

The course works through the resume process, the TEN knowledge areas, professional responsibility and the mind-frame required to pass the PMP®.

How much time after the course should elapse before I'm ready to sit for the exam?

That depends on the individual. If you finish the course and feel like the entire thing was a refresher of content you knew, two weeks to brush up on content should suffice. For every knowledge area where you say to yourself, "Darn! There were a lot of terms there that I never heard before!" or "We never do it that way at [insert your organization's name here]"...add a week to your preparation time. Most folks find that a week or two after the course is adequate to steel them for the experience.

Others do practice tests (FREE WITH THE COURSE) from the moment they register, and are ready mere HOURS after the class.

What course materials will I get?

You'll get a copy of the Guide to the Project Management Body of Knowledge. You'll get a copy of "The Project Management Drill Book" by your instructor. You'll get the course handouts! You'll get three DVDs! Two rich with video of Carl teaching the most complex content in the program. One with ten hours of MP3 audio files covering the critical content in the course handouts.

You'll also get the course handouts which are invaluable in preparing for the exam, but prove utterly worthless as a long-term reference.

AND WAIT...There's MORE! You get immediate access to PMCertificationExam.com...A powerful, web-based exam experience, coupled with audio files to help you practice, practice, practice.

What if I fail?

You won't. Attitude is everything. You need to believe that you'll pass this thing. Carl has led over 2900 students through the PMP® experience who have successfully passed the exam. Less than 4% have ever reported back that they did not pass on the first try.

Once I receive the course materials in the mail, is it all up to me?

Yes and no. You'll determine whether or not you pass by your levels of preparation and hard work. But as you continue your studies, Carl becomes your e-mail mentor. He always responds within 24 hours and clarifies content you'll wrestle with right up to exam day. So yes, we can't take the exam for you. But no, you'll always have Carl's personal support right up to the time you walk into the center and start pushing those buttons.

He'll be sitting at his laptop WAITING for your assignments. (Oh, yes, there are assignments...) And he'll turn around your questions and your assignment evaluations within 24 hours. ALWAYS.

I have more questions than when I started. Is there someone I can talk to?

Talk to the maestro himself. Pop Carl an e-mail with any pre-exam questions or concerns. He'll respond within 24 hours and try to clarify anything he can. (His email is carl@carlpritchard.com) or, leave a message on his cell phone, and he'll try to get back to you in a timely fashion (although frankly, he's more timely on e-mail than cell phone calls).

I'm convinced. How do I sign up?

Just fax or e-mail the form on the following page, and we're good to go!

\$785 for PMI Members

\$880 for non-PMI Members
